

Awais Ahmad

Software Engineer | React JS

Phone No: 0306-6179005 Email: awaiskhalil404@gmail.com

Education:

Lahore Garrison University	Lahore, Pakistan
Bachelors of Science in Software Engineering	2019-2023
Govt. Islamia College	Kasur, Pakistan
F-Sc Pre-Engineering	2017-2019

Technical Background and Skills:

Programming and Scripting	HTML, CSS, JavaScript, Bootstrap
Development Frameworks	React Js
Development Tools and IDE	Visual Studio, Android Studio, Dev-C++
Skills	HTML, CSS, JavaScript, Bootstrap, React Js, Web application framework

Academic Projects:

Ultra-Sign-Solutions (Final Year Project)

The main objective of this project is to provide a user-friendly online platform that facilitates the seamless booking and management of billboard advertising spaces for businesses and individuals. The website aims to connect advertisers with available billboard locations, offering a convenient and efficient solution for planning, reserving, and tracking outdoor advertising campaigns. React.js framework is used in this Project.

Meeting Scheduling Website

The objective of a meeting scheduling website is to simplify the process of arranging and managing meetings and appointments for individuals, teams, and businesses and sends automated reminders. The website aims to streamline the scheduling workflow, improve communication, and enhance overall productivity. The website is designed by using React Js.
